

*Bullitt County's
Wine & Bourbon Tour... Naturally*

*Before Prohibition and California, Kentucky wines
rivalled our Kentucky Bourbons as drop for drop
some of the best wines in the world.*

*In Bullitt County we are making great strides to
return to prominence in the age old art of wine
making. Bullitt County's 4 wineries boast over
1000 awards for the fine wines that they are
producing. We also lay claim to one of Winemaker
Magazine's, Winemakers of the year.*

*Bullitt County is home to Jim Beam. Come see and
taste how limestone filtered water, corn, rye and
barley are married together to produce the number
one selling Bourbon in the World.*

*Bullitt County's Wine and Bourbon Tour will get
you back to nature. The rural setting and beautiful
landscape along your way, paired with your pallet
being delighted by some of nature's greatest gifts
will make for a visit with nature that you won't
soon forget... Please enjoy responsibly.*
